Dear Eesti Pank representative(s),

The following eesti pank site shows the total mintages of Estonian commemorative 2 euro coins: https://www.eestipank.ee/en/notes-coins/2e-commemorative-coins. Prior communication with Eesti Pank has made it clear that the mintages of Estonian commemorative coins listed on this website includes the amount of coins issued in BU Coincards. However, this site does not list the mintages of all BU coincards after 2017. Would it be possible to receive the issuance quantities of all estonian BU coincards post-2017?

Furthermore, I am aware that Estonia will issue a 2 euro commemorative in 2026, dedicated to Sipsik (https://www.eestipank.ee/en/press/eesti-pank-putting-childrens-favourite-sipsik-two-euro-coin-11062025). Is there any news about when this coin will be issued + what its mintage will be?

Sincerely,
Darian [redacted]
